

## **Imagination**

Big locker on your mouth  
Big locker on your soul  
Sometimes you want to shout  
And seems sometimes to fall  
Escape from dark illusions  
And run away from those  
Who brought you big confusions  
And escalated most  
You want to see a picture  
Unknown and unreal  
Imagination features  
Of what you think and feel  
but...

Rf.

Imagination is not a dream  
Imagination's forever seen  
And your illusions of silent streams  
Are gonna stop in perfect scene  
Of kiss of mine  
And hug in time  
In warmth of hands  
Of yours and mine  
Imagination, perfect pose  
Just hold me tight, do not expose.

The day will show the figure  
Of someone from your dreams  
The one you want and eager  
To share your perfect scream  
Of pleasure and it's meanings  
Of harm and of it's cure  
And new, unfound healings  
Which make you really pure  
You realize that picture  
That stands before your eyes  
Is realistic feature  
You finally decide,  
that...

Rf.

Imagination is not a dream  
Imagination's forever seen  
And your illusions of silent streams  
Are gonna stop in perfect scene  
Of kiss of mine  
And hug in time

In warmth of hands  
Of yours and mine  
Imagination, perfect pose  
Just hold me tight, do not expose.
